“ Henry was always kind to me, and I thoroughly enjoyed his company, enjoying such things as a game of Canadian Rummy, a beer or just hanging out talking. He was a very kind soul.
I am saddened by the news and the fact that I just became aware of the sad news of his death on Friday night, March 2 after 8 pm, because I missed paying my respects , and giving his wife and daughter a hug. I will miss him too, and will look forward to meeting him again.##imported-begin##Ed Pedersen##imported-end##

“ We are so sorry to her of Henry's passing. Whenever we saw him he always had a friendly word to say. He and Leo were great friends. We will surely miss them but know they are in heaven bowling together again. We have the family in our thoughts.##imported-begin##mike and chris bates (lamote)##imported-end##

“ We are very sorry to hear about Henry. He was a wonderful man and I have many memories of him -- playing cards with my Dad, putting on the new roof, and, of course, going on the smelt fishing trip! We hope your memories help you get through this difficult time. You are in our thoughts and prayers.##imported-begin##Monica and Andy (Lamote) Gardner##imported-end##

“ Verlinden Family,

I would like to express my sincere condolences on the recent passing of your father. Although I didn't know Henry that well, on the half dozen or so occasions that I spent time in his company over the years bowling, I did come to realize his great kindness and compassion and real love of life. And I do know that he was very highly respected by all of the men. You were truly fortunate to have such a man as a model in your life. My last fond memory of him was laughing with him on the bowling alley.

Very Sincerely,

Paul Vogt##imported-begin##Paul Vogt##imported-end##

“ We are very sorry to hear about Henry. Henry was one of my father's best friends and like an uncle to me. He was even my boss for one summer. I will never forget our smelt fishing adventures at Point Pelee. Our condolences to all.##imported-begin##Jerry and Suzanne Lamote##imported-end##
