“ *Deb, I remember your mother having SO much energy. She was so supportive and patient with all us girls on the Drill Team. Riding the bus with 30 plus teenage girls took real courage. She was always in great humor, full of fun. We were lucky to have her. Thank you for having shared her with us. Know that she is in a better place where there is no more suffering.##imported-begin##Theresa 'Sadie' Moore##imported-end##*

“ Grandma, you were my #1 fan and always were there to keep me in line. It seems so surreal that you have been taken so quickly, but I will have a lifetime of memories to reflect on and share. You were an amazing and strong woman who was at every dance recital, softball game, swim meet, choir concert, graduation, etc. You would call me at work to talk about the sale that Kroger was having on toilet paper or to let me know that you found a toy for Brooklyn. I always knew no matter day/time it was you were always thinking about us and that you loved us so much! You will be greatly missed. I am so proud to call you my grandma. I love you and miss you. You are in a better place and I know you are watching down over all of us. XOXOX###imported-begin###laura angel###imported-end##
