“ I am so sorry to learn of the passing of Rena. We worked together for many years, she was very dedicated and took pride in a job well done. We also carpoled for several years and I enjoyed the opportunity to be her friend. I know more than anything she valued her family and wanted all good things for them. My thoughts and prayers are with you.##imported-begin##Charlene Mattox##imported-end##

“ My grandmother was one of the strongest women I have ever met. She was sassy, stubborn and loved her family with all of her heart. I've had people randomly ask me if I was Rena Bourgeois' granddaughter and I know my mom gets approached a lot as well. I still can't believe she is gone, I never thought of losing my grandma...I knew the day would come but I never thought this soon. She fought her battle with cancer for two and a half years and has gone through a number of different surgeries and chemo sessions, which most people with cancer never go through as much. She will always remain in my heart as one of my inspirations. But I'm definitely going to miss her mash potatoes and being her "taste checker" to make sure they were just perfect before we ate them. I'm going to miss her phone calls asking me which color of lipstick would be a good one for one of her rebates. I love you grandma, I promise to make you proud of me##imported-begin##Lauren Powell##imported-end##
